WE'VE BEEN IN FRONT OF YOU THE ENTIRE TIME...

EFI IS EVERYWHERE
WHO ARE WE?

EFI’s award-winning technology is everywhere. Used by tens of millions of professionals worldwide, our products and solutions have been transforming businesses for over 20 years. We are pioneers in desktop publishing, cloud solutions, workflow tools and digital output, and we continue to invest in the research and development of new technologies that help businesses adapt and thrive in ever-changing markets.

WHO DO WE SERVE?

Our customers are as diverse as our company.

- Commercial, quick, and signage printers
- Central reprographic departments
- Creative agencies and color professionals
- Ceramic tile manufacturers
- Label and packaging businesses
- Hospitals, offices, and other enterprise environments
WHAT DO WE DO?

It’s probably easier to ask, ‘What don’t we do?’ Our servers and controllers are the industry’s standard. We are the world’s largest manufacturer of UV ink. We coined the term ‘cloud’ for remote-access solutions. Our inkjet printers create output and signage for some of the world’s biggest events. We’ve cut the standard cost of label production dramatically.

Our self-service and payment systems are used by millions of people every day. We can remotely match colors on two different printers on two different continents. We’re revolutionizing the ceramics industry with digitally printed tiles. Our mobile and cloud printing software lets users print to any printer, anytime, anywhere. Our productivity software improves efficiencies, lowers waste and increases your profits. And we continue to expand the high-margin opportunities of digital printing with our inkjet solutions.
EFIm Doesn’t just provide award-winning products and world-class support. We deliver the experience of ONE EFI. Product sales, hardware maintenance, software support, educational services and more – all available from one company. We are ONE EFI with one vision and one goal: the success of our customers worldwide.

If you need assistance with EFI software and EFI hardware – there’s one phone number for you to call. One company, one support team.

If you’re interested in getting even more out of your EFI products, we offer online video courses, classroom and on-site training, descriptive whitepapers and detailed how-to guides that will help maximize your investment.
When you choose EFI, you’re choosing a company that provides the latest digital technology, straight out of Silicon Valley. A company that invests 20% of revenues towards the research and development of the next generation of products. A company with a combined worldwide sales force of 10,000 representatives, dealers and distributors. A financially strong and fast-growing company.

When you choose EFI, you’re choosing to be part of something BIGGER.

EFI IS EVERYWHERE
NOW YOU KNOW.
EFI IS EVERYWHERE.
